Reminder to the San Bernardino Community……

The City of San Bernardino has again been selected to participate in another community-build playground event at the Hernandez Community Center, located at 222 N. Lugo, in Meadowbrook Park. The build honors the legacy and values of Cesar Chavez.

*The KaBOOM! funding partner is California Volunteers**;** the Andrus Family Trust provided the local funding in honor of Al Guhin.*

We would like to extend a special invitation to the Community to attend the playground build, this Saturday on April 25th. Registration begins at 8:00 am, with an anticipated completion time of 4:00 pm. Come participate in the KaBOOM experience, helping to create a sense of community through People, Parks and Programs.
