**OVERSIGHT BOARD  
FOR THE SUCCESSOR AGENCY TO THE  
REDEVELOPMENT AGENCY OF THE CITY OF SAN BERNARDINO**

**Meeting Date:** December 9, 2013

**To:** Oversight Board Members

**From:** Lisa Connor, Oversight Board Secretary

**Subject:** **Transfer of all of the Tangible Personal Property of the Former Redevelopment Agency to the City of San Bernardino**

---

**RECOMMENDATION:** Adopt the attached resolution authorizing and directing the Successor Agency to transfer all of the tangible personal property of the former redevelopment agency to the City of San Bernardino for either use by the City or for disposal.

**BACKGROUND:** The Redevelopment Agency of the City of San Bernardino was dissolved February 1, 2012. The Oversight Board for the Successor Agency to the Redevelopment Agency of the City of San Bernardino ("Oversight Board") has been established pursuant to Health and Safety Code ("HSC") § 34179 to assist in the wind-down of the dissolved redevelopment agency.

Consistent with HSC § 34181 (a) and subject to other applicable provisions of the HSC, the Oversight Board has the authority to authorize and direct the Successor Agency to dispose of all of the assets and properties of the former redevelopment agency and may direct the Successor Agency to transfer ownership of those assets and properties that were constructed and used for a governmental purpose to the appropriate public jurisdiction. The Successor Agency has prepared an "Inventory of Fixed Assets of the Former Redevelopment Agency" that includes an itemization of over 1,000 individual items, which is appended as Exhibit "A" to the attached resolution ("Fixed Assets Inventory").

The Fixed Assets Inventory describes each item of tangible personal property, and to the extent known, provides an asset number, purchase value and purchase date. Items listed on the Fixed Assets Inventory that lack an asset number, purchase value or purchase date were either: i) of *de minimis* value when acquired; ii) acquired prior to 1989; or iii) the records related to a particular item no longer exist. With the exception of just a few items, the vast bulk of the items listed on the Tangible Personal Property Inventory were owned by the former redevelopment agency for more than seven (7) years and in many notable instances, for more than several decades.

By way of background, the Fixed Assets Inventory is a list of tangible personal property. Tangible personal property is both physical and movable, e.g., office equipment, furniture, fixtures, motor vehicles, tools and other similar durable goods, and is contrasted with real property that consists of land and any appurtenance thereto, e.g., buildings, structures or other improvements. When owned by the private sector, tangible personal property is typically depreciated for tax purposes using a straight-line amortization over a five (5) to seven (7) year period, and if certain prerequisites are met, may be eligible for accelerated depreciation as well. Depreciation accounts for the wear and tear from the use of the tangible personal property that naturally and inevitably occurs as a result of normal wear or aging and is assumed to occur even when an item is used competently and with care and proper maintenance. It is typical that once tangible personal property has been fully depreciated, it is worth only a salvage value. Even though the public sector does not depreciate its tangible personal property for tax purposes, the private

sector model for depreciation is a useful comparative guide to understanding what the residual value of tangible personal property may be.

Given the age of the items listed on the Fixed Assets Inventory, the Successor Agency has determined that the tangible personal property of the former redevelopment agency has only a *de minimis* salvage value. Consistent with the forgoing, the Successor Agency proposes to transfer all of the tangible personal property of the former redevelopment agency to the City of San Bernardino at no cost to the City for either use by the City or for disposal.

By adopting the attached resolution, the Oversight Board will be concurring with the Successor Agency with respect to both the value of the tangible personal property involved and its transfer to the City for either use by the City or disposal. Upon adoption of the attached resolution, the resolution will be forwarded to the California Department of Finance ("DOF") for their concurrence and will not be effective until DOF's review has been completed.

**FISCAL IMPACT:** The items listed on the Tangible Personal Property Inventory, have been determined by the Successor Agency to be of only a *de minimis* salvage value.

**ATTACHMENTS:** Resolution.

Resolution.

**Section 2.** The items listed on the Fixed Assets Inventory, as depicted on Exhibit “A”, have  
been correctly determined by the Successor Agency to be of only a *de minimis*  
salvage value.
