Re: Tribal Consultation Per Government Code §§ 65352.3, 65352.4 and 65562.5 (SB 18) for University Hills Specific Plan: City of San Bernardino: San Bernardino County, California

Dear Ms. Lawson:

Government Code §65352.3 requires local governments to consult with California Native American tribes identified by the Native American Heritage Commission (NAHC) for the purpose of protecting, and/or mitigating impacts to cultural places. The Native American Heritage Commission is the state agency designated for the protection of Native American Cultural Resources. Attached is a consultation list of tribes with traditional lands or cultural places located within the Project Area of Potential Effect (APE).

As a part of consultation, the NAHC recommends that local governments conduct record searches through the NAHC and California Historic Resources Information System (CHRIS contact 916-653-7278 or www.ohp.ca.gov) to determine if any cultural places are located within the area(s) affected by the proposed action. NAHC Sacred Lands File requests must be made in writing. All requests must include county, USGS quad map name, township, range and section. Local governments should be aware, however, that records maintained by the NAHC and CHRIS are not exhaustive, and a negative response to these searches does not preclude the existence of a cultural place. A tribe may be the only source of information regarding the existence of a cultural place.

The Native American Heritage Commission works with Native American tribal governments regarding its identification of 'Areas of Traditional Use.' The Commission may adjust the submitted data defining the 'Area of Traditional Use' in accordance with generally accepted ethnographic, anthropological, archeological research and oral history. Also, the Area of Traditional Use is an issue appropriate for the government-to-government consultation process.

If you have any questions, please contact me at (916) 653-6251.

Sincerely,

A handwritten signature in black ink that reads "Dave Singleton".

Dave Singleton
Program Analyst
