Re: Development Permit PA16-07

Dear Mr. Mujica:

Per our previous conversations, Burrtec Waste Industries, Inc. wishes to proceed with PA16-07 on the basis that only the vehicles and associated collection routes acquired from the City of San Bernardino as of April 1, 2016 shall be operated out of the new yard located at 111 E. Mill Street. Trucks operated out of Burrtec's Jack's Disposal and Cal Disposal facilities shall not be part of this land use application and shall remain at the other Burrtec facilities.

In the event that Burrtec wishes to move additional trucks and routes from other facilities onto the Mill Street property at any time in the future, we will submit an application to amend the Development Permit and perform any necessary traffic studies that may be required by the City Traffic Engineer.

Please let me know if you have any questions or require additional information on this matter. I can be contacted at (909) 429-4200 or [gkoontz@burrtec.com](mailto:gkoontz@burrtec.com).

Sincerely,

Gary Koontz  
Facility Project Manager
