we can improve the service we provide to the people of San Bernardino,” said Sgt. Vicki Cervantes. “The results of this competition show the hard work and dedication our officers have demonstrated while providing the highest levels of Safety, Service, and Security.”

The CLEC is a statewide law enforcement awards program that recognizes excellence in traffic safety, with the goal of reducing the number of tragedies that occur on our roadways. By participating in the challenge, agencies have the opportunity to learn from one another and improve their own traffic safety programs. The challenge highlights a law enforcement agency’s policy, training, employee recognition, community outreach, enforcement of applicable laws, and the overall effectiveness of their efforts in addressing collisions caused by speeding, impaired driving, and occupant restraint violations.
