## **SYNOPSIS OF INCIDENT:**

On Monday, July 27, 2015 at approximately 10:52 a.m. a 2009 blue colored Honda Civic being driven by Driver #2 was westbound in the 2000 blk of W. Baseline. It appears that he swerved to avoid debris in the roadway when he lost control of his vehicle causing it to slide into oncoming lanes where his vehicle was then broadsided by a fully loaded cement truck traveling eastbound. The cement truck driver (Driver #1) attempted to avoid the collision but was unable to do so. As a result of the collision both occupants of the Honda sustained fatal injuries. At this time it does not appear that neither drugs, alcohol, nor speed played a factor in this collision.
