Victims Relief Fund

San Bernardino, CA - Set-up of a Victims Relief Fund

Since the events that occurred on December 2, 2015, the San Bernardino community, as well as the victims directly impacted by the tragedy, have received an outpouring of support. The Mayor and Common Council of San Bernardino have established an official trust fund through GoFundMe to help victims continue to move forward.

GoFundMe has graciously waived all fees related to the fund to ensure that the total sum is distributed among all victims. The Mayor and Council appreciate the opportunity to partner with GoFundMe in facilitating contributions that will create some level of relief for the victims and their families.

“We continue to be amazed by the concern and support displayed by our friends across the nation. This account with GoFundMe has created an avenue for people worldwide to aid the lives of those affected by the recent tragedy they experienced,” said Mayor Carey Davis.

The Mayor and Common Council encourage the community to continue sharing the link on their social media platforms. The page has already received hundreds of donations. We as a City, are grateful for people’s willingness to come together for the San Bernardino victims.

We extend our sincere gratitude for the nation’s willingness to stand with us as we continue to move through one of the most difficult times for our community.

The page can be accessed by the following URL: <https://www.gofundme.com/SupportSB>
